We are told that the wheat in many places is falling to the ground in a ruinous condition.

Burglars entered the stores of Jacob Yeager and Washington Yeager in Slabtown on Sunday night last and succeeded in carrying off about five hundered dollars in goods from the two stores.

The Bradford Argus entered upon its second volume, last week, under the management of the present proprietor. The NEW ADVERTISEMENTS. Argus is one of our best Democratic exchanges-en excellent local Journal, and is YSPEPSIA. certainly entitled to a hearty support, which it has good evidence of receiving.

Agreeably to the recent ruling of the Supreme Court, "Judge" Underwood will be compelled to give up the fine mansion FROM THE VENERABLE ARCHDEACON ACOTT. which he confiscated and secured for himself for a mere tithe of its value. There are a few thousand Northern Rads. who ought to be served in a similar manner.

PERUVIAN SYRUP.—This valuable medioine has been silently making its way into public favor by the numerous remarkable curesit has performed. Its singular efficacy is owing to the prodoxide of Iron, which remains unchanged in this preparation and is the only form in which this vital element of healthy blood can be supplied.

From nearly every part of the County we hear people complaining of the bad condition of the roads. This, however, is owing, mainly to the almost constant rain during the month of May. The Supervisors of the different townships will, we we doubt not, soon check these murmurings, by immediate repairs, and we can then listen to a more pleasant story, for a local item, from our neighboring friends.

The "Whiskey Brigade" is likely to be increased in numbers. We notice that several recruits, among the Republicans, are in process of private training. Temperance is not promoted by this private drinking.

We have many excellent stores in Bloomsburg, large and small, but for neatness in taste in the way of selections, and for cheapness, we call attention to the store of our neighbor, C. C. Marr, in Shives Block. He has just received a fresh stock of groceries and other goods, and those who wish to be waited on by a true gentleman and to buy goods at lowest prices, will do well to call at his place. He will be glad to those his goods "without money and without price."

THE FOURTH .- The people of Fishingcreek design to celebrate the coming Fourth of July in an appropriate and "old fashioned way," in the Grove near by the public house of Mr. Emandus Unanget. They will have, as the important part of the pro gramme in the Grove, speeches, patriot songs, and an excellent dinner; and in th evening the young will enjoy themselves tripping the fautastic toe. Music by th Orangeville Brass Band. It will no doub be a gal-a-day for the citizens of the who up creek country. They know how and ket up good celebrations.

While he meets with some opportunity everything as "dady had it," he appears to have adopted Davy Crocket's motto "be sure you are right and then go ahead." When the citizens of Bloom elected Mr. Billmyer to the office of Supervisor they felt assured that he would be the last man that would set in an unfavorable manner, or turn his back, at this time, to the beauty, thrift and erprise of the town; and they are realthe fact that their confidence has not

The "Doctor" has only six direct puffs of himself in his last issue, this being three less than whon we last counted, a week or two ago. He is evidently gathering a little modesty-or shame. Ah Thomas, you made a great mistake in speaking to the Doctor about that sheep. We fear that mutton will be presently plentier in Bloomsburg than in Scott. By the by, how about the color and curl of that wool? Was it genuine black, of the proper twist?

PIELDS OF DOCK .- The root of the yellow dock, so troublesome to farmers, is an effectual alterative and a most valuable medicine. In the neighborhood of Lowell, Dr. J. C. PROSPECTS FOR BUSINESS. The railrond connection between Omaha and the East is now complete, and the carnings of the Union l'actific on the sections already finished for the first two weeks in May were \$113,000. These sectional earnings as the road progresses will much more than pay the interest on the Company's bonds, and the through bus mass over the only line of railroad between the Atlantic and Pacific must be immense.
